PRIVATE TUTORING

This year, I successfully got into Choate Rosemary Hall! This would never have happened had I not taken the SSAT private classes offered at The Open Classroom. Prior to taking the class, my vocabulary was sub-par and my initial SSAT score was unsatisfactory. The class educated me on testing strategies, writing techniques and vocabulary. These all came in useful in my final SSAT test. I am grateful to the instructors.

Customized to your needs, we offer classes for all ages:

- Standardized tests including IGCSE, SAT, TOEFL, IELTS, ISEE, SSAT and ACT
- School entrance exams & interviews (primary 1 interview, school transfer, boarding school and college)
- Academic tutoring in English, math, history, personal statement, IB and AP subjects
- Public speaking skills for Speech Festival and school projects

Hebe (Yew Chung and alumni of our 2014 YLOT program) took private interview classes and was successfully accepted into Li Po Chun United World College after three competitive rounds of interview.

“ Prior to my time with Agnes & her team, I was completely lost. While I had my topic for my personal statement in mind, my essay lacked depth and was simply all over the place.

Agnes helped me with my essay on content revisions and then paired me with a mentor who attends Columbia University, the school I plan to apply Early Decision for...They were there every step of the way and helped me reconfigure my thoughts in a way that would convey them more concisely. By the end of our fourth session my personal statement was complete. My personal statement was truly the one piece of my application that tied my entire story and profile together. Without this strong part of my application I believe that I would not have been admitted to the school of my dreams.

~ Grade 12 student (attending Columbia)

We offer bespoke and comprehensive scope of advisory service for US boarding school and college placement. Each student will work directly with our founder, Agnes, for both private test prep classes (SSAT/ISEE/ACT/SAT), application essays and interview training.

Agnes has helped hundreds of students prepare for standardized tests, personal statements and school interviews. Her students are now studying in top boarding schools and universities including the Ivy Leagues. She continues to be a close mentor to a lot of her students, advising them on career opportunities beyond college. She gives regular talks in schools and is a part time lecturer at the Hong Kong Baptist University.

- Yale Undergrad (summa cum laude & phi beta kappa); Harvard Business School; PGDE from HKU
- Previously worked for Goldman Sachs, IFC World Bank, JPMorgan and Carlyle Group

“ Agnes has a legendary reputation for preparing students for boarding school. This reputation is well-deserved and I could not be happier with what she has provided my daughter in terms of tutoring, test preparation and mentoring. She came highly recommended and from day one I knew my daughter was in good hands. Agnes delivered big time: awesome SSAT test scores, improved grades and ultimately acceptances by top US schools. As pleased as I am with the results, Agnes’s methodology and process are the true benefits of working with her. My daughter’s approach to test taking and critical thinking improved. Her discipline and stamina increased and her overall study habits sharpened when I wasn’t sure they could be. Also, a mediocre math student was elevated to one who will take honors next year. Most importantly, Agnes’s own educational and professional backgrounds make her an invaluable mentor. Agnes undoubtedly expects her students to work very hard but she instils the confidence that success will come as a result. My daughter adores Agnes and my son is now working with her. I highly recommend her. ~ Parent of HKIS student, Grade 8 (attending Deerfield)

“ Agnes worked with my daughter throughout the boarding school application process, from SSAT preparation and then providing guidance on the application process and essays. Agnes’ depth of experience combined with her intellect and natural gifts as a teacher are a powerful combination. She became a trusted coach, collaborator and advisor throughout the process. Tests results were great, essays wonderful and admission gained to my daughter’s first choice school. Thank you, Agnes! ~ Parent of ISF, Grade 8 (attending Taft)

PRIVATE CONSULTING SERVICE & TEST PREP by Founder

“ Agnes is an incredibly disciplined teacher who motivates a child to push him/herself to get to the next level. She is passionate about helping her students and tailors her lesson according to their needs. She helped raise our child’s scores dramatically and gain entrance to a top level U.S. boarding school - our child’s first choice! Agnes’s tuition, knowledge of the exam and insight into the boarding school application process helped us tremendously. If your child is willing to work, Agnes is the one who can help!

~ Parent of HKIS, Grade 8 (attending Cate)

“ In this tutoring industry, there are so many different teachers that excel in teaching SSAT but to find one suited for my daughter’s needs was very difficult until I found Agnes. Agnes was able to inspire my kid to find her drive in learning both for standardized tests and at school. Furthermore, this has also led to an increase in her confidence and pushed her to perform better. Through hours of tutoring, it is evident that her hard work has paid off with her huge increase in scores in all sections of the test. Agnes is a teacher who can not only teach top students, she’s able to open up students who may feel discouraged by grades and unmotivated and inspire them to strive for success. Although my daughter was admitted to her dream boarding school, she has continued with Agnes’ classes to continue improving her foundation in English and math to prepare her for high school.

~ Parent, ISF, Grade 8 (attending Taft in the fall)

“ I highly recommend Agnes to be the mentor for any student considering to apply for boarding school in the US. My son, and myself, benefited greatly from her in-depth knowledge of the admission requirements of the US schools. She has a keen sense in assessing a child’s strength and weakness relative to the targeted schools, and a well thought out strategy in preparing the overall portfolio for the student. Her help in preparing my son on his interviews, essays, and SSAT test are indispensable for my son to be accepted by his first choice school. Moreover, I believe that her work has helped prepare my son for the challenges he will face at the boarding school and even beyond.

~ Parent of HKIS, Grade 8 (attending Choate)

“ Working with Agnes was very efficient and concise. We started off making a list of potential schools, and she provided the help I needed (currents students in her network) to decide where I wanted to apply for early decision. I think I benefitted most from her help when we began crafting my personal statement. She helped me decide on a topic that would represent who I am but also helped me brainstorm ideas on how best to deliver my writing. We exchanged several drafts, during which I was able to skype with her and another mentor and they provided me with really helpful feedback. She is always very responsive and gives criticism that is clear and constructive. With her help, I have received admittance from Brown, Columbia, UPenn, Berkeley, NYU, and UNC.

~ Student, Grade 12, Groton
