MESSAGE FROM THE OPEN CLASSROOM

Dear Parents,

We are delighted to bring back a wide range of carefully curated courses in our Summer Program this year.

The Open Classroom were founded with the mission of equipping students with the knowledge and skills to apply classroom learning to real-world contexts, empowering them to make a meaningful impact in their communities.

Our learning centre offers a supportive and interactive environment where children and teenagers develop writing, presentation, critical thinking, and creative skills through thoughtfully designed curricula led by passionate educators. This year, we are also excited to introduce a wider selection of programmes specially designed for our youngest learners, from PN to Kindergarten, with a strong focus on building foundational English skills through engaging, age-appropriate learning experiences.

We have proudly delivered electives and public speaking programmes for schools and organisations across Hong Kong, including Diocesan Boys' School Primary Division, Big Bang Academy, and Pods Kindergarten.

This summer, make the most of the holidays with our signature academic workshops (including school-specific writing and literature courses), alongside new courses that broaden students' understanding of the world. We look forward to providing a meaningful, enriching, and enjoyable summer experience together.

Meet the Professional

(with field trips)

'Meet the Professional' Course (PN- Grade 8)

Every summer, we offer this program to Primary and Middle School students — and this year, we are excited to welcome our youngest learners too! Our PN–Kindergarten students will be introduced to the world of professions through engaging, age-appropriate experiences designed to spark curiosity and build early language skills.

1. General Knowledge	2. Language Development (Reading & Vocabulary) & Writing
Through meeting and interviewing an industry professional, students explore a chosen profession in depth, gaining insight into real-world roles, responsibilities, and the skills required. They will also take part in engaging, experience-based tasks that simulate aspects of the profession, helping them better understand how these roles function in practice.	Students will learn and apply topic-specific vocabulary while practising writing genres linked to each profession — such as reports, interviews, persuasive pieces, and informational texts — alongside reflective writing. All written outputs will be connected to the weekly theme, ensuring purposeful, context-driven work. For younger students, key vocabulary will be introduced through stories, picture books, and short passages.
3. Speaking	4. Other Skills
By preparing for and conducting interviews with industry experts, students will develop critical thinking and questioning techniques. They will also present their ideas through jigsaw activities and/or deliver structured presentations to their peers.	Students will strengthen essential transferable skills such as critical thinking, collaboration, entrepreneurship, work ethic, creativity and social awareness.

Tuition: \$3880 for PN - K2 \$4,850 for K3 and above (all inclusive of field trip entrance fee, material costs, caoching etc) Course Duration: 5 days (Monday to Friday) Class Duration: 1.5 hr/day (field trip day may range from 2-3 hours) Timeslots: 9:30-11am; 2-3:30pm* Discounts: 5% off for enrollment by May 31st; 5% off for 2 or more workshops; Siblings discount: 5% discount for each sibling (Maximum total discount is capped at 10%.)
--

*Please note that the day and time of the field trips are fixed once confirmed and may differ from the usual class time, ranging from 2-3 hours in duration. We will notify parents of the exact day and time of field trips once enrollment is confirmed. Please make your own arrangements to meet and pick up from field trip sites on field trip days.

Community Services Series

Weeks	Module	Summary
Week 2 : Jun 22-26	Meet Dialogue in the Dark (For G1-G8) 	Learn about the challenges faced by visually impaired people in Hong Kong with this eye-opening module. Visit Dialogue in the Dark, a groundbreaking social enterprise dedicated to promoting empathy and social inclusion of the visually impaired. This unique experience invites students to step into a world without sight, embarking on journey in the dark with mobility canes followed by a sharing session led by visually impaired guides. The final output involves students collaborating to design creative solutions to help address and overcome challenges faced by the visually impaired community. Writing Output: Reflection/Problem & Solution The field trip will tentatively take place on: June 23
Week 4 : Jul 6 - Jul 10	Meet an NGO for Special Needs Children (For PN-G8)	Students will visit a leading organization supporting children and individuals with special educational needs. They will meet with experienced social workers to learn about the challenges of providing care, education, and rehabilitation services to those in need. Students will tour the facility to explore its daily operations and the range of specialized services offered, gaining insight into how the organisation empowers children to reach their full potential. The visit will also include a hands-on service activity — donating goods and reading with the children — to build genuine connections and foster empathy. Through this experience, students will develop their communication and interpersonal skills while deepening their understanding of inclusivity, compassion, and community service. Writing Output: Reflection/Persuasive The field trip will take place on: July 7
Week 8 : Aug 3 - Aug 7	Meet the Rabbithouse (For PN - G8) 	Students will visit the HK Rabbit Society (HKRS – hkrabbit.org), Hong Kong's only animal welfare group dedicated to rabbit adoption and care. They will meet the Director, a passionate animal welfare advocate, to learn about the organization's mission, day-to-day operations, and the challenges of running a rabbit adoption center in Hong Kong. Students will tour the shelter to see firsthand how abandoned rabbits are received, cared for, and rehomed, and attend staff-led talks on rabbit care and responsible pet ownership. Drawing on what they have learned, students will then create brochures to educate the public on proper pet care and key considerations before adopting — developing their persuasive writing skills while contributing meaningfully to the work of animal rescue. Writing Output: Ad/Brochure/Proposals The field trip will tentatively take place on: August 4

'Meet the Professional' Course (PN- Grade 8)

Technology/AI Series

Weeks	Module	Summary
Week 3 : Jun 29 - Jul 3 Week 11: Aug 24 - Aug 28	 Be an Aerospace Engineer (5-12 years old) 	Blast off with a visit to HKATA (Hong Kong Aerospace Technology Academy) —Hong Kong’s first and largest dedicated Aerospace & AI academy—at their immersive 6,000+ sq. ft. space experience workshop! Students dive into hands-on aerospace technology powered by cutting-edge AI. They design spacecraft with interactive 3D AI tools, build intricate aerospace models exploring flight physics, and try the exclusive E28 AI space robot companion—all developing logic, problem-solving, and engineering mindsets for the future aerospace economy. Students gain insights into the future economy of aerospace and AI, developing logic, problem-solving, and engineering mindsets through real challenges. Output: Featured Article Field trip will tentatively be held on: June 30 August 25

Heritage Series

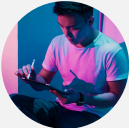

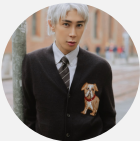

Weeks	Module	Summary
Week 5 : Jul 13 - Jul 17	 Meet the Blue House (6 years old +) 	Students will explore the rich heritage of Wan Chai through guided tours of Stone Nullah Lane and the Blue House Cluster (Blue House, Yellow House, and Orange House). They will meet current residents who share stories of the Blue House's vibrant past as a home to kung fu studios, clinics, and grassroots community life. Younger students will take a guided tram tour of the Wan Chai & Causeway Bay neighbourhood, while older students will embark on a walking tour examining architectural features, the daily lives of early residents, and the area's conservation and revitalisation efforts. The visit will also include a hands-on craft workshop in which students will create traditional items, from lanterns — to be displayed at the Blue House for a month — to Big-Headed Buddha figures. Output: Comparative - Then & Now Field Trip will tentatively be held on: July 14

'Meet the Professional' Course (PN- Grade 8)

Arts & Media Series

Weeks	Module	Summary
Week 7 : Jul 27 - Jul 31	Meet & Become a Bookstore Owner for a Day (PN - G2) 	Students will meet a bookstore owner and step into the role of one themselves during this interactive visit. They will take on real bookstore tasks — organising books, stocking inventory, labelling price tags, and serving as cashiers — while imagining how they would run their own shop. Each student will earn a \$100 salary to redeem books, giving them the chance to choose a title to take home and continue their reading journey. Following the visit, students will write thank-you cards and reflective pieces to express gratitude and share what they learned. This hands-on experience will build confidence, communication skills, and a love of reading. Output: Reflective / Letter Field trip will tentatively be held on: July 28 
Week 9 : Aug 10 - Aug 14	Meet the Art Gallery Owner, a Local Artist & Curate your own Gallery Show (For PN- G8) 	Students will have the opportunity to visit 13A New Street Art Gallery, a vibrant local art space, where they will meet the gallery owner and a local artist, Felix Chan. They will learn about what it means to run a gallery, discover the artist's creative process, and take part in an art-jamming session to design their very own artwork. On the second field trip, students will return to the gallery to showcase the piece they created, formally presenting it in a mini gallery setting. They will experience what it feels like to be an exhibiting artist and share their work with an audience. As part of this module, students will also write an invitation to their show, plus a short descriptive piece about their artwork (for K3 and above), helping them practice persuasive and descriptive writing while celebrating their creativity and personal expression. Output: Invitation / Descriptive Meet & Greet and Art Jamming Workshop: Aug 12 Art Show: Aug 14
Week 10 : Aug 17 - Aug 21	Meet the YouTuber - Mayao (G1-8) 	Students will have the opportunity to meet Mayao, a popular Hong Kong YouTuber, and explore what kind of content they would like to create alongside this famous content creator. They will discuss potential topics and angles, such as vlogs, challenges, reviews, or storytelling, and think about what interests them most as young creators. During the visit, students will go on a short location shoot around Mayao's neighbourhood and create their own mini videos based on the topic they choose. They could film short review of a local dessert or snack or a mini interview with a classmate or a friendly shopkeeper! Back in class, students will write a short script for a voiceover to accompany their edited video, practising clear, lively, and audience-focused language. They will then record the voiceover and, if appropriate, publish the final video on YouTube as their very own channel project, gaining real-world experience in digital storytelling and creative communication. Output: Script writing Meet & Greet and Filming days: August 18 + 19 

‘Meet the Professional’ Course (PN- Grade 8)

F&B Series

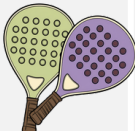

Weeks	Module	Summary
Week 6 : Jul 20 - Jul 24	 Meet the Chef at AMMO & a Fun Food Workshop (PN - G8) 	Discover the vibrant world of fine dining at AMMO, an award-winning contemporary European restaurant located in the compound of the historic Asia Society. Students meet the talented chef for an exclusive kitchen tour and hands-on food workshop: making their own pizza or cookies through guided steps, while uncovering how a high-end kitchen runs with ingredient prep, chopping techniques, baking methods, hygiene standards, and fast-paced teamwork. During the field trip at AMMO, students learn key elements of restaurant review and critique writing by actively observing and noting specifics in real-time, using their senses to evaluate efficiency, quality, and creativity. Younger students will also learn essential fine dining etiquette through fun table-setting and mealtime role-play in class. Output: Review/Critique Field trip will tentatively be held on: July 22 
Week 8 : Aug 3 - Aug 7 Week 10: Aug 17- Aug 21	 Meet the Café Owner & Be a Waiter for a Day (PN - G8)  Coffee & Treats	Join us for an exciting opportunity to meet Ms. Iris Tung, owner of Café Liffée in Wan Chai, to learn about her inspiring journey of starting a healthy eating cafe and the creative process behind her recipes. During the field trip, students will gain firsthand experience in customer service by shadowing a barista, learning how to prepare drinks. They even have the opportunity to serve real customers and engage in a workshop on “latte art” (applied to hot chocolate!) After the trip, younger students will create their own healthy recipes while older students create a business plan for their own restaurant, applying knowledge gained in our classes, including the 5Ps (Product, Price, Place, Promotion, People). Output: Recipe / Business plan Field trip will tentatively be held on: August 5 August 19
Week 7 : Jul 27 - Jul 31	 Meet & Become a Bakery Chef at Hashtag B (K3 - G8) Hashtag B #tastebetter	Students will visit Hashtag B, a popular Hong Kong bakery celebrated for its artisanal breads, signature pastries, and creative treats that blend traditional baking techniques with modern flavours. They will have the chance to meet the skilled bakers behind the brand and gain a behind-the-scenes look at the professional kitchen — observing specialized equipment, strict hygiene standards, and the coordinated teamwork that keeps this bustling bakery thriving every day. Through this visit, students will develop an appreciation for the craft and dedication involved in running a professional bakery. They will also gain insight into the importance of precision, creativity, and collaboration in a fast-paced kitchen environment. On the same or separate field trip, students will then roll up their sleeves and take part in a guided, hands-on baking session, learning step by step how to recreate some of Hashtag B's signature pastries. Output: Procedural / Review Field trip will tentatively be held on: July 28

Students will gain exclusive insights into launching and managing a successful sports facility, from facility design and equipment selection to marketing strategies that attract diverse players and explore why pickleball is capturing hearts worldwide being the fastest-growing paddle sport globally. During the visit, students try their hands at pickleball under professional coach guidance, learning basic strokes, court positioning, scoring rules, and game etiquette through fun drills and mini-matches. Output: Featured Article / Sports Literature This field trip will tentatively be on: June 23 August 25 
Week 3 : Jun 29 - Jul 3	 Meet the Golf Coach and Owner (G1-G8) 	Students will have the opportunity to step into the exciting world of golf through a visit to Chip Chip Golf Academy, where they will meet PGA golf coaches and gain insight into the skills, discipline, and mindset behind the sport. They will learn about the journey of golf instruction, from building strong fundamentals to developing confidence, focus, and sportsmanship both on and off the course. As part of the module, students will also enjoy a one-hour driving range experience. This session will allow them to experience the basics of golf technique while developing patience, and an appreciation for the game. Following the visit, students will write a procedural piece on how to play golf, using clear step-by-step instructions to show what they have learned. Output: Procedural Writing This field trip will tentatively be on: June 30
Week 9: Aug 10 - Aug 14	Meet the Owner of Hong Kong’s First Indoor Padel Facility (G1-G8) 	Students will be among the first to set foot on a brand-new and first-ever indoor padel court opening in Hong Kong this summer. They will meet with the owner and certified coach behind this exciting multi-sport facility, gaining an insider’s perspective on what it takes to build and run a cutting-edge sports venue — from court design and equipment selection to community engagement and membership growth — while discovering padel’s unique blend of speed, strategy, and skill that attracts players of all ages and fitness levels. During the visit, students will take to the court for hands-on coaching, learning key shots including the drive, drop, and lob, alongside serving techniques, court movement, and match rules through dynamic drills and friendly games. Output: Advertorial Writing This field trip will tentatively be on: August 11

Building a Narrative Course (G5-12)

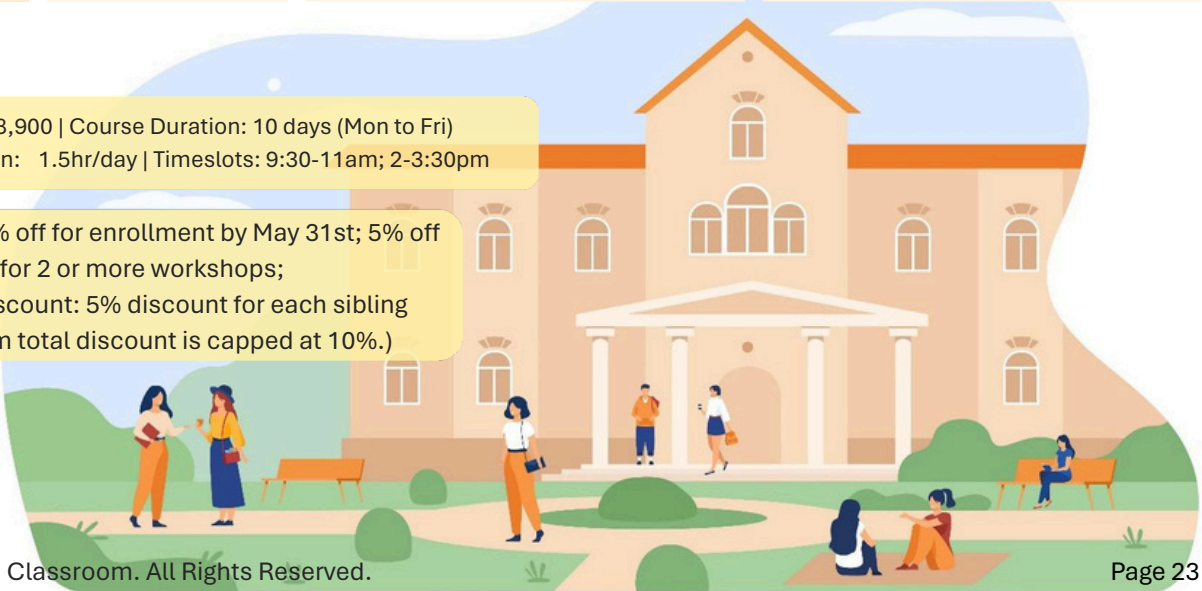

Applications to schools often require a personal essay that speaks to the character, interests, passions and life experiences of the applicant. A strong narrative/personal statement can mean the difference between admission or rejection. In this 2-week crash course, students will learn how to brainstorm, plan, and write an application-ready personal statement for themselves.

(The course material will cater to G5-8 students applying for international/boarding schools and G9-12 students preparing for university applications.)

Sessions	Focus	Summary	
Weeks 2-3: Jun 22-26 Jun 29-Jul 3	1st Week: Brainstorming & Story Mapping	In this week, students will learn the basics of planning to write personal statements including brainstorming topic ideas, identity and story mapping, and building story outlines.	
Weeks 4-5: Jul 6-10 Jul 13-17		G5-8: Students will brainstorm, map, and outline narrative ideas using boarding/international school applications, prompts, and sample essays as example materials.	G9-12: Students will brainstorm, map, and outline narrative ideas using general university applications, supplemental essays, prompts, and sample essays as example material.
Weeks 6-7: Jul 20-24 Jul 27-31		This week will have students take the skills they have learned and put them to use in drafting strong personal statements. Students will practise and develop writing strategies, step into the mind of admissions officers, and finally produce their narrative.	
Weeks 8-9: Aug 3-7 Aug 10-14	2nd Week: Drafting & Editing		
Weeks 10-11: Aug 17-21 Aug 24-28		G5-8: Students will practise their writing skills, learn and incorporate basic editing and drafting strategies, and write their narrative using boarding/ international school prompts.	G9-12: Students will reinforce their writing skills, learn and incorporate basic editing skills, and write their narrative using university prompts.

“I successfully got into Choate Rosemary Hall! This would never have happened had I not taken the SSAT private classes offered at The Open Classroom. Prior to taking the class, my vocabulary was sub-par and my initial SSAT score was unsatisfactory. The class educated me on testing strategies, writing techniques and vocabulary. These all came in useful in my final SSAT test. I am grateful to the instructors.”

“My daughter took private lessons with The Open Classroom for four months before she attended the admission tests in three top international schools in Hong Kong last year. She passed the tests and got admitted to the school of our top choice. The teachers understand very well her strengths and areas for development. The results have been very satisfying. We are very grateful.”

U.S. Boarding School Application Intensive Course

Preparing to apply for boarding schools in the U.S.? This intensive 10-day course is designed to train students in writing impactful **application essays** and responding to common **interview questions** to leave an impression on your desired schools.

Essay Writing (2 Hours) – \$14,000/10 Days

- Essay writing is possibly the most daunting and time-consuming part of the application process. Don't wait until the last minute; start early as good writing requires practice and continual refinement.
- Get a head start with this course by learning how to craft compelling answers and memorable essays. The teacher will share well-written application essays accepted to top-tier boarding schools and focus on three types of writing:

Part I

Short Answers: Develop concise and effective answers that show off your best self.

Leadership/Community: Learn how to tackle the inevitable topic of every application. Write with purpose and enhance your application by adding meaning and personal values to your profile.

Part II

Personal Essay: Let your character shine through! Be honest, be reflective, and use this opportunity to demonstrate your integrity, insight and maturity.

- Produce outputs based on selective and popular application questions from schools like Hotchkiss, Choate, Andover, and schools of your choice!
- Receive personalised feedback with proofreading and critique on each draft, guiding you towards improvement.

Interview Training (1 Hour) – \$8,600/10 Days

- What are some of the most commonly asked questions? What do interviewers look for in potential students? Review tips and practice skills that will better prepare you for interviews.
- Be challenged to think on your feet, and learn to organize ideas to brainstorm coherent and thoughtful answers.
- Attempt mock interviews and receive specific feedback on areas for improvement.
- As a continuation to this course, we also offer personalized school admissions consulting services.

Discounts: 5% off for enrollment by May 31st; 5% off for 2 or more workshops. (Maximum total discount is capped at 10%.)

U.S. College Application Personal Statement Workshop

College admissions are now more competitive than ever. Use your application essay, which carries significant weight, as an opportunity to stand out!

Whether you are in the brainstorming stage or drafting process, this intensive 5-day course will teach you how to produce memorable and powerful essays that distinguish you from the crowd.

Content

- Dissect accepted Ivy League long and short essays, review the fundamentals of personal statement writing, and learn to express traits that will make you an attractive candidate.
- Learn how to select an appropriate topic, develop relevant ideas, edit for content and style, and avoid common pitfalls that weaken your chances of admission.
- Experience one-on-one time with expert writers to proofread, critique and revise drafts throughout the week.
- Leave the program with a strong, foundational personal statement essay or two short essays.
- As a continuation to this course, we also offer personalized school admissions consulting services.

“Prior to my time with Agnes and her team, I was completely lost. While I had my topic for my personal statement in mind, my essay lacked depth and was simply all over the place. Agnes helped me with my essay on content revisions and then paired me with a mentor who attends Columbia University, the school I planned to apply Early Decision for... They were there every step of the way and helped me reconfigure my thoughts in a way that would convey them more concisely. By the end of our fourth session, my personal statement was complete. My personal statement was truly the one piece of my application that tied my entire story and profile together. Without this strong part of my application, I believe that I would not have been admitted to the school of my dreams.”

Grade 12 student (accepted into Columbia University)

Tuition per Course: \$8,000 | Course Duration: 5 days | Class Duration: 2 hours each day

Testimonials

“Agnes has a legendary reputation for preparing students for boarding school. This reputation is well-deserved and I could not be happier with what she has provided my daughter in terms of tutoring, test preparation and mentoring. She came highly recommended and from day one I knew my daughter was in good hands. Agnes delivered big time: awesome SSAT test scores, improved grades and ultimately acceptances by top US schools. As pleased as I am with the results, Agnes’s methodology and process are the true benefits of working with her. My daughter’s approach to test taking and critical thinking improved. Her discipline and stamina increased and her overall study habits sharpened when I wasn’t sure they could be. Also, a mediocre math student was elevated to one who will take honors next year. Most importantly, Agnes’s own educational and professional backgrounds make her an invaluable mentor. Agnes undoubtedly expects her students to work very hard but she instills the confidence that success will come as a result. My daughter adores Agnes and my son is now working with her. I highly recommend her.”

— Parent of HKIS student, Grade 8 (attending Deerfield)

“I highly recommend Agnes to be the mentor for any student considering to apply for boarding school in the U.S. My son, and myself, benefited greatly from her in-depth knowledge of the admission requirements of the US schools.

She has a keen sense in assessing a child’s strength and weakness relative to the targeted schools, and a well thought out strategy in preparing the overall portfolio for the student. Her help in preparing my son on his interviews, essays, and SSAT test are indispensable for my son to be accepted by his first-choice school. Moreover, I believe that her work has helped prepare my son for the challenges he will face at the boarding school and even beyond.”

— Parent of HKIS student, Grade 8 (attending Choate)

Private Consulting Service & Test Prep. with Co-Founder

“Agnes is an incredibly disciplined teacher who motivates a child to push him/herself to get to the next level. She is passionate about helping her students and tailors her lesson according to their needs. She helped raise our child’s scores dramatically and gain entrance to a top level U.S. boarding school – our child’s first choice! Agnes’s tuition, knowledge of the exam and insight into the boarding school application process helped us tremendously. If your child is willing to work, Agnes is the one who can help!”

— Parent of HKIS student, Grade 8 (attending Cate)

“In this tutoring industry, there are so many different teachers that excel in teaching SSAT but to find one suited for my daughter’s needs was very difficult until I found Agnes. Agnes was able to inspire my kid to find her drive in learning both for standardized tests and at school. Furthermore, this has also led to an increase in her confidence and pushed her to perform better. Through hours of tutoring, it is evident that her hard work has paid off with her huge increase in scores in all sections of the test. Agnes is a teacher who can not only teach top students, she’s able to open up students who may feel discouraged by grades and unmotivated and inspire them to strive for success. Although my daughter was admitted to her dream boarding school, she has continued with Agnes’ classes to continue improving her foundation in English and math to prepare her for high school.”

“Agnes worked with my daughter throughout the boarding school application process, from SSAT preparation and then providing guidance on the application process and essays. Agnes’ depth of experience combined with her intellect and natural gifts as a teacher are a powerful combination. She became a trusted coach, collaborator and advisor throughout the process. Tests results were great, essays wonderful and admission gained to my daughter’s first choice school. Thank you, Agnes!”

“Working with Agnes was very efficient and concise. We started off making a list of potential schools, and she provided the help I needed (currents students in her network) to decide where I wanted to apply for Early Decision. I think I benefitted most from her help when we began crafting my personal statement. She helped me decide on a topic that would represent who I am but also helped me brainstorm ideas on how best to deliver my writing. We exchanged several drafts, during which I was able to skype with her and another mentor and they provided me with really helpful feedback. She is always very responsive and gives criticism that is clear and constructive. With her help, I have received admittance from Brown, Columbia, UPenn, Berkeley, NYU, and UNC.”

“Agnes expertly guided my eldest daughter through the extremely difficult U.S. university application process. Because of Agnes’ expert advice, my daughter was accepted to 8 out of the 10 schools she applied to and offered scholarships from 7 of these schools. We could not be happier with the results that Agnes helped my daughter achieve. Most importantly, Agnes pushes the students to present the best of themselves while still staying true to who they are. The difference between Agnes and the other consultants in Hong Kong is the one-on-one attention she gives to each of her clients. With Agnes’ guidance, my daughter wrote a beautiful and powerful personal essay which I think helped her get into some of the tougher schools. I highly recommend her as a consultant.”

“I have been tutoring with Agnes for over 5 years for the SSAT and SAT. Ever since my first lesson, I knew that Agnes was an amazing, kind tutor and mentor. I continued to study with Agnes in my junior and senior year for the SAT. Over the years, Agnes was not only a tutor but a mentor. She helped me stay motivated even when I was frustrated and wasn't seeing progress. She pushed me to keep trying hard and with Agnes my hard work paid off. Agnes is the absolute best and I am forever grateful for her guidance and support.”

“It was six days before the Early Decision deadline. Desperate for some help on my college application essays, I approached Agnes for her help and sent in both my Common App and University supplement. Within five hours, she gave me helpful revision comments and paired me with a mentor Kerri, an English major from Yale, who further sent me extremely detailed feedback on my essays. From content to stylistic techniques, their suggestions transformed my originally sloppy essays to professional pieces of work and elevated them to a level I definitely couldn't have reached myself. Those essays ended up getting me into the University of Chicago, my dream school, and it's all thanks to the immense help I received from Agnes and her team of mentors.”

“Prior to my time with Agnes and her team, I was completely lost. While I had my topic for my personal statement in mind, my essay lacked depth and was simply all over the place. Agnes helped me with my essay on content revisions and then paired me with a mentor who attends Columbia University, the school I planned to apply Early Decision for... They were there every step of the way and helped me reconfigure my thoughts in a way that would convey them more concisely. By the end of our fourth session, my personal statement was complete. My personal statement was truly the one piece of my application that tied my entire story and profile together. Without this strong part of my application, I believe that I would not have been admitted to the school of my dreams.”
